TO BE TESTED, YOU MUST READ AND INITIAL EACH BOX BELOW:

- I am 18 years or older, or a parent for the individual receiving testing and understand I must be present during the lab draw.
- I am requesting Direct Access Testing through DLO Direct. I do not have a physician order for these tests. I understand that only I will receive the testing results. As required by law, DLO may share certain test results with other entities, such as the State Department of Health.
- I understand that, because a physician has not ordered these tests, my health insurance (including Medicare and Medicaid) will not pay for these tests.
- I will not ask my health insurer, Medicare, Medicaid, or any other federal or state health care programs to pay for these tests. I also understand that DLO will not submit these tests for reimbursement or payment to my health insurer, Medicare, Medicaid or any federal or state health program, or any third party payer. **Payment in full is due at time of service.** Payment may be made with a credit/debit card or check; cash payments are not available.
- I understand that it is solely my responsibility to promptly discuss all laboratory results with a physician and that neither DLO nor its Medical Director will provide interpretation, counseling, consultation or care recommendations on the basis of any laboratory results provided to me. I release from liability and will not hold DLO or its Medical Director responsible if I do not promptly communicate the results of these tests to my physician.
- I understand DLO will attempt to contact me with priority laboratory values, which may indicate a serious medical condition in need of urgent care. If after two attempts DLO cannot reach me at the numbers provided, I authorize DLO to leave a message that may include personal medical information.
- I understand that DLO Direct testing is intended for informational purposes only. A DLO Direct test result is not a medical diagnosis, a treatment, or a form of medical advice. I understand that only my physician can interpret my test results.

Visit dlodirect.com for detailed information on each test

Your lab results will be delivered through the MyQuest™ online web portal as soon as they are available. Many tests will be reported within 24-48 hours, but tests in high demand or complex tests that require reflex testing, such as certain STD and infectious disease tests, may take up to 7 days for results. **Results will not be mailed or emailed.** Ask a DLO representative for instructions on how to create a MyQuest account or visit dlodirect.com.

DLO Direct Checklist

- Did you provide a good callback number with area code in case you need to be contacted?
- Did you notice the turnaround time for test results could take up to 7-10 business days?
- Do you understand insurance claims cannot be filed for DLO Direct testing?
- Do you understand your results will not be mailed or emailed to you?
- Have you set up your MyQuest account to receive your results?

DLO Direct Resources
